The City Engineer

Pimpri Chinchwad Municipal Corporation

Pune.

Sir,

I have been appointed as consulting Structural Engineer by APEX International School. For preparing structural design and the drawings of the school Building on Amenity plot Sr.No. 501/3, near Prism City, Charholi Bk, Tal: Haveli, Dist: Pune 412105. Structures consisting of current construction completed of Ground + 5 Floors, as described in my enclosed design base report, based upon the architectural drawings and other utilities and services requirements given by the owner/ developer of the development work of "School Buildings" at the following listed firms / person are associated with the work.

Name & Address of Developer: Apex International School

Name & Address of Architect: Mr. Sudesh Kulange (Laxmi Associates)

Name of Supervising Engineer:

I hereby certify and confirm adequacy of the structural design for intended use represented through my structural drawings issued from time to time.

I am enclosing herewith undertaking of the Licensed Supervising Engineer / Owner regarding compliance with structural drawings and adherence to standard construction practices while executing the construction work. On basis of this I hereby certify that to the best of our knowledge & belief and said structure is structurally fit for the intended purpose.

I further confirm that the structural design is based on relevant Indian Standard Codes especially

- 1) IS-456-2000-Code of Practice for plain & Reinforced concrete structure.
- 2) IS-875-2015-Code of Practice for Design Loads.
- 3) IS-1893-2016-Criteria for Earthquake Resistant Design of Structure.
- 4) IS-800-1984-Code of Practice for General Construction in Steel.

As a Consulting Structural Engineer, my responsibilities are limited to providing structural designs & drawings in accordance with the provisions of relevant prevailing Indian Standard Codes, and visits to sites at specified stages called by the Supervising Engineer for verification of reinforcement laid. All issues related to supervision, materials, workmanship & execution are the sole responsibility of the Supervising Engineer of Owner.

This Certificate is issued on the clear understanding that my overall design responsibility for the safety and proper performance of structural design ceases, moment any addition and / or alternation or any damage to the structural frame caused by accident or by tampering with the geometrical sections of structural members for any purpose whatsoever or due to over loading of the structure or lack of maintenance or any act that is detrimental to the structure as a whole.

This Certificate is issued in conjunction with the Certificates of Licensed Engineer/ Owner certifying the quality of work.

Yours Faithfully,

Chapolikar
